# FOOT CARE RANGE

## PLAIN INSOLE

❖ PRODUCT CODE (AMP:03FC01)

### Technical Specification

1. Best work in plantar fasciitis to reduce the pressure from plantar fascia.
  2. Best use in geriatric patients in which plantar fascia become weak.
  3. Decrease discomfort in calcified plantar fascia (diabetic type).
  4. Increase long standing for professionals.
- Available Sizes: Small/ Medium/ Large

## HEEL CUP

❖ PRODUCT CODE (AMP:03FC02)

### Technical Specification

1. Best use in calcaneum spur condition (Heel Pain).
2. Decrease Rehabilitation time in Ankle Sprain.

Available Sizes: Standard

## HEEL PAD

❖ PRODUCT CODE (AMP:03FC03)

### Technical Specification

1. Best use in calcaneum tenderness.
2. Easy to use in sandals.

➤ Available Sizes: Standard

## HEEL PAD WITH DONUT

❖ PRODUCTS CODE (AMP:03FC04)

### Technical Specification

1. Calcaneum will fit in Donut so known as Donut heel.
2. Best help in calcaneum spur with tenderness.

Available Sizes: Standard

## LADIES HEEL CUSHION

PRODUCT CODE(AMP:03FC05)

### Technical Specification

1. Provide heal comfort during pregnancy & obese conditions.
  2. Best use in dancer heel & walking workout.
- Available Sizes: Standard

## METATARSAL CUSHION

❖ PRODUCTS CODE (AMP:03FC06)

### Technical Specification

1. Best use in march fracture or March Stress.
  2. Provide comfort walk in paralytic patients by preventing inversion of foot.
- Available Sizes: Standard

## ARC SUPPORT

❖ PRODUCT CODE (AMP:03FC07)

### Technical Specification

1. Best use in flat foot (pes planus) conditions.
  2. Decrease energy expenditure used during walk in flat foot.
- Available Sizes: standard

## TOE SPREADER

❖ PRODUCT CODE (AMP:03FC08)

### Technical Specification

1. Best use to treat the Hallux Val Gus (Bunion Toe) deformity condition.
- Available Sizes: Small/ Medium/ Large

## TOE SEPERATOR

❖ **PROUDUCY CODE (AMP:03FC09)**

### Technical Specification

1. Prevent discomfort in Diabetic conditions.
  2. Prevent clubbing of toe during walk in case of paralysis.
- Available Sizes: 4 Pieces Standard Set includes
- Small 1 pcs., Medium 2 pcs., large 1 pcs.

## OPERATION THEATER POSITIONING DEVICES:

### ROUND GEL HEAD REST

❖ **PRODUCT CODE (AMP:03OT01)**

### Technical Specification

1. Used as an OT positioning device to place the head in a rest & fix position without any discomfort.

Available Sizes: Small/ Large

### GEL ARM REST

❖ **PROUDUCD CODE (AMP:03OT02)**

### Technical Specification

1. Used as a OT positioning device for arm rest purpose & fix it without any discomfort.

Available Sizes: Standard

### MULTI UTILITY GEL BOLSTER

❖ **PRODUCT CODE (AMP:03OT03)**

### Technical Specification

1. Best work in holding unconscious patents for uplifting etc. during OT work.
2. Used as a spine bolster during any surgery in supine position.
3. Used in prone position for spinal surgeries to fix & rest the patent without any discomfort.
4. Used in mix prone position & hip surgery.

### ADVANTAGES:

- Provide maximum rest without any discomfort because it has..
- Air Conditioned quality. (Temperature adoptions)
- Skin Friendly
- Anti Slip Action ; Resilience property.

Available Sizes: Standard

# GEL PROTECTORS

## ICU BED SORE PREVENTION RANGE

### HEAD PROTECTOR

#### ❖ PRODUCT CODE (AMP:03GP01)

#### Technical Specification

1. Gel lining provides extra comfort to protect the head especially occipital parietal bones from the development of bed sores.
2. Protects Occipital nerves & ears cartilage (no blood & nerve supply) from bed sore by relieving the excessive pressure.
3. Used after neuro surgery to prevent any surgery at operation sites.
4. Can be use up to grade III bed sores.
5. Easy to donning & doffing.

#### • INSTRUCTIONS TO USE:

- Wash cloth & gel separately.
- Do not iron the cloth & shade dry.
- When gel is dirty / sticky, sponge the gel with talcum powder and remove extra powder by washing the gel with mild shampoo and fresh water.

- Keep away from direct heat.

➤ Available Sizes: XS/ S/ M/ L/ XL

- Helps protect the head, occipital nerve and ears from the development of pressure sores.

### HIP PROTECTOR

#### ❖ PRODUCT CODE (AMP:03GP03)

#### Technical Specification

1. Hip protector helps during mid prone lying position & provides pressure relief to either side.
2. During mid prone position greater trochanter of femur is the most prominent pressure bearing area, so need pressure relief.
3. Relieve pressure from transverse fascia lata & speed up the recovery for further rehabilitation.
4. Can be use up to grade III bed sores.
5. Easy to donning & doffing.

#### □ INSTRUCTIONS TO USE:

- Wash cloth & gel separately.
- Do not iron the cloth & shade dry.
- When gel is dirty/ sticky, sponge the gel with talcum powder and remove extra powder washing the gel with mild shampoo and fresh water.
- Shade Dry.
- Keep away from direct heat.

## SACRAL PROTECTOR

**Product Code (AMP:03GP02)**

### Technical Specification

1. During excessive bed ridden cases sacral & coccyx area need good protection from bed sore formation at sacral & coccyx area. Sacral is the first foremost & prominent area that develop bed sore easily in bed ridden cases.
2. Sacral is the first & foremost site to develop a bed sore because comatose patient is usually in supine lying position.
3. Sacral protector helps to prevent the developing of bed sore at this pressure bearing area.
4. Sacrum is the most prominent during supine lying so need pressure relief.
5. Can be use up to grade III bed sores.
6. Easy to donning & doffing.

## HIP & SACRAL PROTECTOR

❖ **PRODUCT CODE (AMP:03GP04)**

### Technical Specification

1. Hip protector help during side lying & sacral piece during supine lying.
2. Either side & sacral protection possible.
3. Relive pressure from tansverse fascia latal (important parts to walk) & speed up the rehabilitation.
4. Can be used up to grade III bed Sores.
5. Easy to donning & doffing.

## HEEL PROTECTOR

● **Product code (AMP:03GP05)**

### Technical Specification

1. Helps skin breakage from heel area by pressure relief.
2. Prevent bed sore at posterior calcaneum during supine lying.
3. Protect lateral & medial side skin breakage of heel.
4. During supine lying calcaneum is the 2<sup>nd</sup> prominent after sacrum so need pressure relief.
5. Can be used up to grade III bed sores.
6. Easy to donning & doffing.

# HEALTH CARE RANGE

## GEL BALL SOFT

❖ **Product code** (AMP:030001)

### Technical Specification

1. Use for hand exercise in various hand muscle weakness conditions like Rheumatoid arthritis, paralysis of hand, hemeplagia etc.
2. Post fracture & post operated hand weakness condition.

➤ *Available Sizes: Small/ Medium/ Large*

## GEL BALL HARD

● **Product code** (AMP:030002)

### Technical Specification

1. Choice of hand exercise for sports person.
2. Increase maximum strength & Endurance of hand muscles.

➤ *Available Sizes: Small/ Medium/ Large*

## GEL CORRUGATED SHEET

❖ **Product Code** (AMP:03GC01)

### Technical Specification

1. Used for pressure relief purpose, specially for pressure bearing areas to avoid the direct pressure.
2. Corrugation gives better air circulation to avoid excessive sweating.

➤ *Available Sizes: 36"x 24"*

➤ *Small corrugation ( 16 mm approx)*

➤ *Large corrugation (22mm approx)*

## GEL FLAT SHEET

## PRESSURE RELIEF PADING

## COCCYX SEAT CUSHION

### ❖ Product code (AMP:03GC02)

#### Technical Specification

1. Used for pressure relief purpose, specially for pressure bearing areas to avoid the direct pressure.
2. Used in skin abrasions conditions after an accident to avoid the further wear and tear of the skin during long stay in bed.

*Available Sizes: 24"x24"*

- *Available Thickness: 3mm, 6mm, 9mm, 12mm.*

### ❖ Product code(AMP:03GC03)

#### Technical Specification

1. Used to relief the pressure from pressure area in various prosthetics & orthotics.

*Available Sizes: 24"x24"*

- *5mm First Layer: 2 way stretchable cloth.  
Second Layer: 5mm soft gel sheet.  
Third Layer: non stretchable base cloth.*
- *9mm First Layer: 2 way stretchable cloth.  
Second Layer: 9mm soft gel sheet.  
Third Layer: non stretchable base cloth.*

### ❖ Product code (AMP:03GC04)

#### Technical Specification

1. Panacea for coccyx patient (coccyx pain)
2. Patient can sit upto long working hours.
3. Prevent nutation & curvature nutarion of coccyx.
4. Tapered design to keep spine straight.

- *Available Sizes: 17"x15"*

## PLAIN SEAT CUSHION

## GEL WHEEL CHAIR CUSHION

## GEL MATTRESS

❖ **Product code AMP:03GC05)**

### Technical Specification

1. Provide comfort in long sitting position in office during hours.
2. Provide normal curvature to back & prevent lot of spinal problems.
3. Tapered design to keep spine straight.

*Available Sizes: 17"x15"*

❖ **Product Code (AMP: 03GC06)**

### Technical Specification

1. Made of corrugated gel for better air circulation and comfort.
2. This easy to use cushion is made of gel, Which has lower heat conductivity and helps keep the pad at a mild temperature. The air circulates between the corrugated gel sheet, reducing pressure concentrations around bony prominences and providing relief and comfort to the medium risk user. The gel cushion offers basic pressure relief and shear reduction for people at low risk of developing pressure ulcers.

*Avialable Sizes: 14"x14"x4" to 17"x17"x4"*

❖ **Products Code(AMP: 03GC07)**

### Technical Specification

1. Provide comfortable position for comatose patient.
2. Prevent bed sore absolutely in Bed ridden patient.

# Gel Tube Range

**AMP03GTR01 : Gel Finger Tube**

Size: S,M,L  
Packing :  
One Pair

**AMP-03FC04 : Gel Corn Pad**

Size : S,M,L  
Packing : One  
Pair

**AMP-03FC02 : Gel Open End Tube**

Size : S,M,L  
Packing : One  
Pair

**AMP-03FC05 : Gel Finger Cap**

Size : S,M,L  
Packing : One  
Pair

**AMP-03FC03 : Gel Finger Pads**

Size : S,M,L  
Packing : One Pair

**AMP-03FC06 : Prosthetic Gel Roll On**

Size : XS, S, M, L, XL  
Packing : Single Pc.

## AMP-03FC07 : Amputated Leg Linner

Size : XS, S, M, L, XL  
Packing : Single Pc.

## AMP-03FC08 : Gel Arthritic / Diabetic Sock

Size : S,M,L , XL  
Packing : One Pair

# ARTIFICIAL ORGAN RANGE

## AMP-03GTR01 : Artificial Breast (Tear Drop)

Artificial Breast (Tear Drop)

Size : S,M,L

Packing : Single Pc.
